

Space Exploration Challenge!

Name: _____

Find exhibits at the National Space Centre which fit in the categories below.
There are no right or wrong answers - use as much imagination as possible!

You may want to draw, explain, photograph or film your answers for each one.

Find something:

that is taller than you
(e.g. the Wavelength Ladder)

that is smaller than a dog

which has been into space

that uses light from the Sun

that is gold

local (Leicestershire
or your own home)

you can go inside

with spots or stripes

above your head

that is part of a rocket

that sends information
from space

that is older than you

you can wear

to do with an animal

you can watch

complicated

Thank you for visiting the National Space Centre.
We hope to see you again soon!
