## Find something:

Most interesting to you in  
Into Space

Most interesting to you in  
The Universe

Most interesting to you in  
Our Solar System

Most interesting to you in  
Home Planet/Space Oddities

That is taller than you

That is smaller than you

That is older than you

That is above your head

That is your favourite colour

That has been to space

That is local to you or Leicester

That uses light from the Sun
